Dear Cattle Producers and Friends,

We would like to welcome you to our 2022 Production sale. This year we offer a wide variety of sire groups, as well as bringing back a few that we know will work well for you. We work adamantly to bring our best to the table with the commercial cattlemen in mind. We know the value of having calving ease bulls with tremendous growth in your calves. We grow our bulls slow and correct so they can handle any conditions you may put them in and they will go to work for you. Your complete satisfaction is of top priority to us. Good cattle are designed to work for us—you shouldn't have to work hard for them. Both our bulls and our females are a source of powerful growth and maternal genetics that are sure to complement your cow herd.

Our family is grateful and thankful for your business. We feel blessed to be able to host another sale offering good genetics. We know that's only because of you—the friendships and the great customers we have developed over time mean the world to us. Thanks for taking time to look at our offering. If you have questions or would like to stop by and look around ahead of sale day, the door is always open. Each cattlemen has something in mind for his own cow herd that makes it unique. Visit with us and we will see what we can do to evaluate exactly what you are looking for and help you make a choice in a bull that will complement what you are striving to achieve. Again, thanks for taking time to look at our offering. We truly look forward to seeing you on sale day, Tuesday, March 29th, at the ranch.

God Bless,

Todd and Tricia Grabenstein

TOP GUN
Cattle Co.

ANNUAL BULL & HEIFER SALE
Tuesday, March 29, 2022
1:00 pm | Top Gun Cattle Co. | Smithfield, NE

Selling 35 Angus & SimAngus Bulls - 35 Registered and Commercial Fancy Heifers

Sale Schedule

Tuesday – March 29, 2022

**All Morning:
Cattle Available For Viewing**

12:00 PM - Lunch

1:00PM - Sale

*Refreshments will be served
following the sale*

SALE LOCATION

43307 Road 746 | Smithfield NE 68976
(Map located on Page 3)

SALE CONTACTS

Todd Grabenstein 308-325-4362
Tricia Grabenstein 308-325-5627

AUCTIONEER

Kyle Schow- 308-289-3772

REPRESENTATIVES

Levi Landers, Angus Journal
308-730-1396

Chris Beutler, Cattle Business Weekly
402-380-8244

ACCOMMODATIONS

Holiday Inn Express & Suites
Lexington NE 68850
308-324-9900

VIEWING

All bulls can be viewed anytime before the sale at the ranch by giving Todd 308-325-4362 or Tricia 308-325-5627 a call. You can also check out the videos on our website at www.topguncattle.com.

HERD HEALTH

All cattle will sell with proper health papers for interstate shipment.

SIGHT UNSEEN

If you are unable to attend our sale, we can arrange to have someone handle your bidding for you. We guarantee your bulls will be purchased at the lowest price possible. Your bids will not be abused. Call any of the representatives listed.

VOLUME DISCOUNT

If you purchase 5 or more bulls, you will receive a 5% discount.

TERMS AND CONDITIONS

All cattle sell fully guaranteed and under the terms and conditions of the American Angus Association.

GUARANTEE

All bulls selling for \$3000 or higher will be guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90 day period following the first turn out of bulls. If a replacement is available, one will be provided. Otherwise, you will be given credit to use in the following year's sale, less the salvage value of the injured bull. The bull must be inspected by a vet or Top Gun Cattle in order for credit to be given or a bull to be replaced.

ANNOUNCEMENTS

All announcements made from the auction block take precedence over the printed information in this catalog. A supplement sheet with updated information will be provided on sale day.

DELIVERY

If you need assistance delivering your bull, we are glad to help out. Please visit with Top Gun Cattle and we can make arrangements. Bulls over \$5,000 will receive free delivery and bulls below \$5,000 will be delivered for free up to 250 miles. Beyond that, delivery is at cost.

PURCHASERS RIGHTS & DISCOUNTS

Bulls picked up and paid for on sale day will receive a \$25 discount per head.

INSURANCE

Gary Thompson Agency, Inc. will be available sale day if you wish to purchase mortality insurance. They are represented by Matt Newcomb 308-486-5545.

SEMEN INTEREST

Top Gun Cattle will be retaining 1/3 semen interest revenue sharing in all bulls selling. The Purchaser of the bull will have full possession and full salvage value.

1/2 SM 1/2 AN

CALVING EASE

Calving ease is a primary focus of our breeding program. With nearly 1/2 of our bulls in the sale qualifying as heifer bulls according to the AAA, we wanted to provide our rating system, based on actual data, pedigree, EPDs, and experience.

★ ★ ★ ★

A no miss, sleep through the night and tag calves in the morning kind of bull.

★ ★ ★

Superior calving ease, should be an excellent choice for heifers.

★ ★

A bull that qualifies as a heifer bull by industry standards.

★

We recommend these bulls for use on cows.

EXPECTED PROGENY DIFFERENCE (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

CALVING EASE DIRECT (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BIRTH WEIGHT EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WEANING WEIGHT EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YEARLING WEIGHT EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MATERNAL MILK EPD (MILK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

BIRTH WEIGHT (ACT BW)

WEANING (WW) WEIGHT RATIO, are a direct comparison of one calf to all the others in his contemporary group. A ratio of 100 is average. Embryo transplant calves will have an ET in place of a ratio.

American Angus Association Pathfinder Cow Award

The Pathfinder Angus program was started in 1978 in an effort to identify superior cows in the breed based on their records of performance from Angus Herd Improvement Records (AHIR). In identifying these superior cows, emphasis was placed on early puberty, breeding and early calving, followed by regularity of calving and above-average performance of the offspring.

While outstanding cows can be identified after their first or second calves, the Pathfinder Report requires a minimum of three calves from a cow to determine her regularity of calving and ability to produce superior calves for weaning weight year after year. In addition, an important part of the report is the list of bulls that have sired five or more qualifying females.

The program identifies Pathfinder Cows in herds actively involved in AHIR. First, the female must produce her first calf near the herd's average age for first calving. More specifically, the maximum age accepted for first calving of a Pathfinder Cow is the within-herd average for first calving plus 30 days. The within-herd average is determined separately for each herd on AHIR. As a second criteria, the Pathfinder Cow must maintain a regular calving interval. The maximum calving interval is:

$$365 \text{ Days} + (30 \text{ Days} / \text{Number of Calving Intervals})$$

Next, the Pathfinder Cow must produce at least three calves with an average weaning weight ratio of 105 to qualify for the report. A minimum of 10 herdmates or contemporaries must be evaluated together each year to determine the weight ratio. Additionally, her calves must be sired by registered Angus bulls. To continue to qualify each consecutive year, the cow must produce regularly and wean a calf that helps maintain the average weaning ratio of 105 or above. It is pointed out that once a cow is designated Pathfinder, she is always a Pathfinder, even though she might not qualify for listing each year.

TOP GUN Cattle Co.

YEARLING BULLS

Functional traits are important and that is exactly what we strive for at Top Gun Cattle. You know many of the sires of these bulls, but the maternal side is a major contributor to what you are looking for. The longer the animals remain productive in a herd, the fewer replacements are needed.

The efficiency of the entire cow-calf system is highly dependent on the efficiency of the cow herd. We raise cows that work for us, we don't work for them.

Why SimAngus?

Hybrid Vigor gives the boost in performance that results from crossbreeding. Normally, the performance of the offspring is greater than the average performance of the two parents.

We feel like we have added some extra pounds at weaning, yet we have a very uniform herd of cattle. When you put them all together with our Angus cattle, it's hard to tell which are Angus and which are SimAngus.

That's our goal....a uniform performance herd!

Why Angus?

The proof is in the genetics.
Angus cattle are known for traits that can make a real difference in cow herd profitability, including calving ease, marbling and growth.

TOP GUN Cattle Co.

HEIFERS

We know that good heifers make good cows, the kind that stay in the herd for their entire production lives. You'll find these heifers have maternal calving ease, weaning weight, strong heifer pregnancy and maternal weight. Those factors reduce overall cost, so buying good heifers only makes sense. EPD's having strong milk production, good structure, phenotype, and disposition that take a lot of the mystery out of what makes a good replacement heifer.

We like the offering we have put together for you and are confident they will make long lasting cows.

Angus

*Then God made the wild animals of
the earth after their kind,
and the cattle after their kind,
and every thing that moves
upon the ground after its kind.
And God saw that it was good.
Genesis 1:25*
