OPEN HEIFER SALE**

**OPEN HOUSE – FRIDAY
MARCH 27TH 11AM-6PM**

**AT THE RANCH
43307 Road 746
Smithfield, Nebraska**

**ONLINE SALE
MARCH 28TH
DVAuction**

WELCOME

Fellow Cattlemen,

We would like to welcome you to our 12th annual bull and heifer sale at Top Gun Cattle. Now is definitely an exciting time to be in the cattle business. Here at Top Gun Cattle we have a registered and commercial cowherd, as well as a thousand head backgrounding lot. We wean, background, and develop heifers, as well as AI. What I'm driving at is that cattle are our focus everyday. I believe that focusing on all aspects of the cattle business, helps us to do our job better and produce higher quality cattle. We treat all our cows the same, and if they don't meet our standards, they are gone. We develop all the heifers to be in the herd. With that being said, our bulls carry strong maternal traits that are going to make you want to keep your heifer calves, they will make mommas.

The bulls are developed slow and are running out in a big grass trap with hills. We aren't shooting for a high weight/day of age. We are raising bulls that go to work and have longevity. By not being penned up they are sound, athletic, and in the shape to go out and work, not fall apart.

Our cows are moderate framed, phenotypically correct, good uddered and efficient at turning milk into pounds on a calf.

We feel blessed to have had great support from our customers in the past and develop some life long friendships along the way. We welcome you to come over to the open house or stop by and visit anytime. Thanks for your interest and for taking the time to look.

God Bless,

Todd & Family

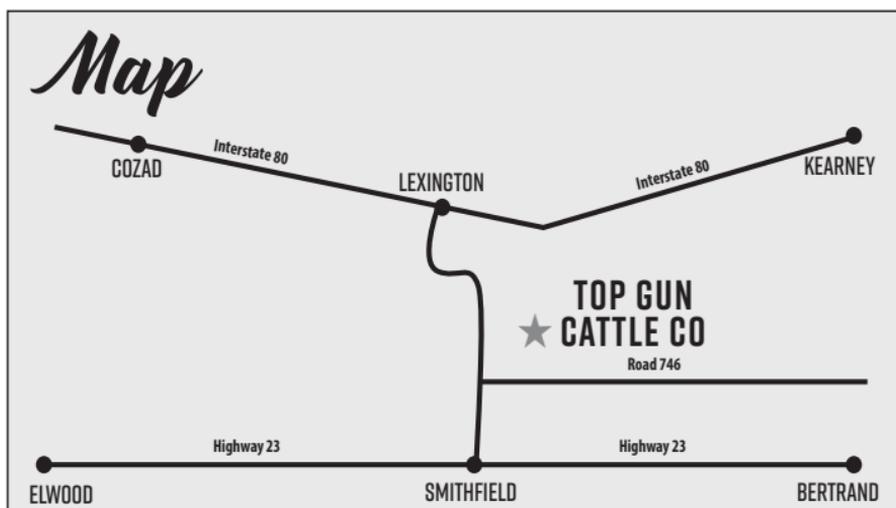

43307 Road 746 | Smithfield, NE 68976

From Lexington: Head south to Road 433 approximately 8 miles to Road 746. Then, turn east and we are on the north side of the road.

From Smithfield: We are located approximately 4½ miles straight North taking Road 433. Turn east at Road 746 and we are on the north side of the road.

VIEWING

All bulls can be viewed anytime before the sale at the ranch by giving Todd 308-325-4362 or Tricia 308-325-5627 a call. You can also check out the videos on our website at www.topguncattle.com.

HERD HEALTH

All cattle will sell with proper health papers for interstate shipment.

SEMEN RIGHTS

Top Gun would like to retain 1/2 semen interest on Lot 2, Lot 6, and Lot 19. We pay for collection costs associated with the collection of these bulls if we choose to collect them.

INSURANCE

We are not responsible for accidents involving purchased animals that stay at the ranch: therefore, we encourage you to insure your purchases.

VOLUME DISCOUNT

If you purchase 4 or more bulls, you will receive a 3% discount.

GUARANTEE

All bulls selling for \$5,000 or higher will be guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 60 day period following the first turn out of bulls. If a replacement is available, one will be provided. Otherwise, you will be given credit to use in the following year's sale, less the salvage value of the injured bull. The bull must be inspected by a vet or Top Gun Cattle in order for credit to be given or a bull to be replaced.

DELIVERY

If you need assistance delivering your bull, we are glad to help out. Please call Top Gun Cattle and we can make arrangements. Bulls over \$10,000 will receive free delivery and bulls below that amount will receive free delivery up to 250 miles, beyond that, delivery is at cost.

PURCHASERS RIGHTS & DISCOUNTS

If bulls are picked up by Monday March 30th, you will receive a \$100 discount.

CALVING EASE

Calving ease is a primary focus of our breeding program. With nearly 1/2 of our bulls in the sale qualifying as heifer bulls according to the AAA, we wanted to provide our rating system, based on actual data, pedigree, EPDs, and experience.

A no miss, sleep through the night and tag calves in the morning kind of bull.

Superior calving ease, should be an excellent choice for heifers.

A bull that qualifies as a heifer bull by industry standards.

We recommend these bulls for use on cows.

THE TOP GUN PHILOSOPHY

Welcome to Top Gun Cattle where we focus on functionality and heterosis in our program to produce very cohesive and problem free, no-nonsense cattle. When we think in terms of raising beef cattle we consider the commercial cattlemen and what puts pounds on at weaning time.

We study EPD's, Indexes, and create phenotypical cattle that are pleasing to the eye and very practical in living in all conditions.

With that being said and utilizing the tools both the Angus and Simmental associations have provided for us, we still study our cattle and take a very balanced approach so we don't get too extreme in any particular area, We raise cattle that are functional and are put to the test to hold up in many different conditions. When you use common sense and think of the resources you have in your ranch conditions – you can't go wrong.

To be honest, the seedstock industry has lost sight of what makes a cow truly functional in some regards. EPD's and Genomics are important TOOLS, but you can't chase them to the point that you lose sight of what is happening in your herd. With 30 years of experience in this business, we know that people don't have the extra time, money or labor to deal with problem cattle.

We are Angus based, but it didn't take us many years to discover the advantages of heterosis. The Angus and Simmental cattle complement one another so perfectly. A SimAngus steer is just flat hard to beat. They have become one of the most sought after animals in a feedlot.

Our cattle are required to have structural soundness, strong fleshing ability, appropriate mature cow size, sound teat and udder quality, and a strong mothering ability.

Longevity is crucial and will pay you great dividends in the long run. When I first got started in this business, the same as many young people do, I had to run a cow a lot of years to make her pay for herself. We know our cattle will do just that.

Calving ease and a cow that gets that calf licked off in a blizzard and follows us back to the barn is important as well. A crazy cow that won't mother up costs money and is not welcome here. Come visit us anytime. We are a family owned and family run ranch through and through.

Both our kids and spouses have joined us in this venture and by human nature, we just keep striving to raise the most profitable cattle.

TOP GUN Cattle Co.

YEARLING BULLS

Functional traits are important and that is exactly what we strive for at Top Gun Cattle. You know many of the sires of these bulls, but the maternal side is a major contributor to what you are looking for. The longer the animals remain productive in a herd, the fewer replacements are needed.

The efficiency of the entire cow-calf system is highly dependent on the efficiency of the cow herd. We raise cows that work for us, we don't work for them.

3/8 SM 5/8 AN

This is a maternal bull to Lot 9. A two year old with more frame and length of rib.

He's a Cowboy Cut x Identity who won't disappoint

HEIFERS

**Heifers with a strong foundation—
Maternal traits and a good disposition.**

Top Gun focus on fertility, udder quality, milk production, and longevity, as well as phenotype.

These heifers come from proven cow families with consistent performance. Take them home and make them cows in your herd for the long run—they will perform.

ANGUS

COMMERCIAL HEIFERS

All commercial heifers are Angus and all have a March birthdate. These heifers are treated just like we treat all the rest of the heifers. They are just out of our commercial cow herd. They should make fantastic brood cows in your herd.
